Wounded Flier Tells of Raid Over Germany

A letter from Sergeant-Observer John Carmichael, who, it was reported last week in The Chronicle, suffered a shrapnel wound in the leg in the course of a bombing raid over Northern Germany, is reprinted here for its wide reader-interest. John's letter is breezy, humorous, descriptive and always cheerful. It was written on August 7 and Mr. and Mrs. D. W. Carmichael did not receive it until Wednesday of last week. It follows in part:

Dear Folks: So far I have done only one raid over enemy territory and that one put me in the hospital where I am writing this letter. It is nothing serious.

On the night of Aug. 2 I went on my first raid to northern Germany as navigator. I had just dropped my big load of bombs when I was hit in the leg by a single piece of Jerry anti-aircraft shrapnel. It made a nice little hole on the inside of my left leg just below the knee in the fleshy part. There wasn't much pain and the wireless operator wrapped it up with some field dressing which he hit the plane because we were flying quite high.

They operated on my leg on Aug. 3 and took out the shrapnel. It was about square shaped and a little smaller than a dice. Before the operation there was no much pain but afterwards I didn't feel so hot although all pain has disappeared and I have not had any since. They gave me some pills which caused the illness. One nurse said they were to prevent pain and another said they were to prevent infection as the shrapnel also took in some of my trousers. They also used the scissors on my trousers and ruined the best Canadian Air Force trousers I had.

Over Germany

It was quite a sight when we got over Germany. There were searchlights for miles around in every direction. We were 3 miles up and they were shining above us. There were also flashes of various colors bursting all over the country—anti-aircraft shells going off. It was quite a fireworks display and very interesting to look at although you knew bloody well that if you were after. We didn't see any Jerry fighters because anti-aircraft and fighters are never in the same place.

The second day I was in hospital I was pleased when a woman from the Canadian Red Cross came to see me. She gave me a package of Canadian cigarettes, a package of gum and some maple sugar. They also have a library service which comes around to your bed twice a week. There are a few other Canadians here but none in the ward with me.

Telegrams received by their parents on Tuesday night stated that Jack Fleming and Warren Hall, who joined the R.C.A.F. three weeks ago and have been stationed at Edmonton, were leaving that night for training in Saskatoon.

Willow Spring Hereford Farm Acclaimed the Greatest in All of Canada

Alongside is a view of the extensive purebred Hereford ranch of Frank Collicutt. It was taken at the time of one of his widely attended sales. Below is a picture of Mr. Collicutt himself.

—Courtesy Canadian Cattleman

YOU KEEP GOING YOUR WAY, I'LL KEEP GOING MY WAY...

Postmaster F. Mossop's new mail carrying Austin is evidently not used to its chores and is having grave difficulty distinguishing the north- and south-bound trains. On Tuesday evening the oversize skoter made the trip to meet the south-bound train in fine style, but came the time for the Chinook to arrive with the north-bound mail—and with it came disaster. The left front wheel seemed to know which train it was to meet, but the right front wheel became sadly confused and as a result all it met was the other front wheel.

With all the appearance of a cross-eyed pup of a monster, the vehicle was moved off the roadside to the awning-sheltered sidewalk in front of the post office so that it could be convinced both wheels should co-operate while turning and so the mechanic and the Austin would not be washed down the main street by the torrential rain.

TAX SPECIAL ENDS TUESDAY

Crossfield tax payers who have not already paid their taxes are reminded that until the month-end there is a ten per cent reduction effective. On October 1 all taxes will be payable at the full rate, T. Tredaway, Village Treasurer, announces.

GRAIN QUOTA IS RAISED BY THREE BUSHELS; NOW 8

Announcement on Saturday of the raising in the Crossfield district of the grain quota to 8 bushels brought with it a raising of spirits. It will be necessary to move 67,000 bushels from the five local elevators to accommodate the increase. The quota here was 5 bushels before the raise on Saturday.

Frank Collicutt, the Purebred Hereford King of Dominion

"Canadian Cattleman" in its September issue carried a long and interesting story on the life of "the Purebred Hereford King of Canada", Frank Collicutt, of the widely known Willow Spring Hereford Stock Ranch between Crossfield and Aldridge. The story, written by Harold W. Riley, fills several pages of the cattleman's organ and leaves nothing unsaid of the ability and personality of the popular Hereford breeder. It is reproduced here in part:

"It is a common characteristic of the Alberta rancher and stockman to be quiet, dignified and unassuming. Frank Collicutt, who has devoted nearly 30

years to raising purebred stock, is no exception to this rule. His physical appearance is typically that of the stockman. Standing a full six feet, built in proportion, and straight as an arrow, Frank Collicutt commands attention in any gathering."

The story goes to give a detailed account of Mr. Collicutt's career and reveals that he came to Alberta in 1890 as a youth with his parents from St. John, New Brunswick. Frank later exercised his homestead rights on a location west of his father's place, in the mouth of McPherson's Coulee, where his present ranch is located. He spent time riding the range and for several years rode range for the late Senator "Pat" Burns. From '06 until '12 he was cattle buyer for the late Senator. In 1912 Frank Collicutt bought the herd of the Baxter-Reid Syndicate in Olds, and moved the cattle to the Willow Spring Ranch. At that time his ranch consisted of 320 acres and now his total land holdings are approximately 5000 acres.

Largest Registered Herd in Canada

The Collicutt herd at the present time numbers in excess of 500 head, in spite of the large number of animals that are sold each year. This makes it the largest purebred Hereford ranch in Canada, and among the largest in North America.

Mr. Collicutt's annual sale is scheduled this year for Tuesday, October 21, the animals to be offered being selected by Mr. Collicutt personally.

In 1910 Mr. Collicutt married Miss Margaret Murdoch, herself a pioneer of the province, whose father, the late George Murdoch, became Calgary's first mayor when it was incorporated as a town in 1884. They had one son and three daughters, but in 1934 death took their only son, George, who gave every promise of being a worthy successor to his father.

In tribute to his son's memory, Mr. Collicutt founded the "George Collicutt Memorial" at the annual Calgary Livestock Show and Bull Sale. This competition is restricted to junior exhibitors and by this means is fostering junior work with boys and girls all over the province. Mr. Collicutt is always first to admit that to Mrs. Collicutt, as much as to himself, belongs the credit for what measure of success has been obtained in purebred Hereford breeding.

The Crossfield Rifle Club is becoming excitingly active again and competition is running high among the members who are all shooting for dominion marksman trophies.

Boys Chosen For Judging Competitions

Howard Rogers and John Yellowleas will represent the Crossfield Junior Grain Club at the Central Alberta grain judging eliminations in Olds on Oct. 8. This was decided at a local elimination in the U.F.A. hall, Crossfield, Tuesday afternoon. Previous to the Olds event the Plants and Products Division of the Dominion Department of Agriculture is sponsoring a competition and a short course of instruction.

Howard and John were awarded the entry through merit of their work in judging and a brief examination which was conducted by Mr. C. E. Yauch, instructor at the Olds Agricultural School, and they will run up against other junior farmers from all parts of central Alberta.

Mr. Hugh McPhail, district agriculturist, who is in charge area, states that the boys are of these junior clubs in this keen in the work and are proving to be little short of experts in judging. There were nine boys in the eliminations Tuesday and two others will be chosen to represent the club in the beef judging class at the same junior event on October 8.

Winners in these competitions will go to Edmonton later for the provincial competition and winners there will go to Ottawa for a try at the Dominion title.

School Opens With Enrolment Of 137 Pupils

Some of them almost eager, 137 pupils commenced the 1941-42 school term on Monday after an extended summer vacation, when opening was delayed for three weeks due to the infantile paralysis epidemic in the province.

The total enrolment is slightly less at present than last year, but W. K. Gish, principal, states that the number will probably swell to about 145 when students enroll who are now either helping on the farms or who have not returned from vacation. The 137 pupils are divided into three groups: Primary (grades 1 to 6 inclusive), 65; intermediate (grades 7 to 9 inclusive), 40; and high school (10 to 12 inclusive), 32. There are ten new pupils this term enrolled in grade one.

Mr. Gish stated that the number of boys in the high school grades this term would have been greater than any other term in the school's history had it not been for the heavy drain by boys entering the various branches of The Service.

ANGUS RAMSAY LAID TO REST

Angus Ramsay, 22, died in hospital Monday morning following a brief illness. Born in Crossfield, he moved to Simons Valley where he lived until he began training with the Army Service Corps at Red Deer. Surviving are his parents, Mr. and Mrs. John Ramsay, three brothers, Donald at Dog Pound, Jack and Charles at home; one sister, Margaret, at home. A military funeral was held Wednesday and interment was in the Burnside cemetery.

Another Smoke Dance will be held in East Crossfield community hall, Friday, Sept. 26. Music by Al Oliver's orchestra. A Good Time!

IS THIS LEADERSHIP?

Mr. Hanson's latest outburst on his arrival in Britain after a crossing by air with his party, presumably as guests of the Canadian government, shows more clearly than ever his complete incompetence as a leader, says the Red Deer Advocate in a recent editorial. He informed the reporters in England that this trip was a fact-finding trip, and that Mr. Mackenzie King wouldn't tell him anything. If Mr. Hanson's utterances in and out of the House of Commons are any criterion, Mr. King would be more than justified in declining to commit important information to him, but we know by Mr. Hanson's own admission that he has been consulted by the Prime Minister on a number of occasions. It is one of the tragedies of Canadian public life that the Conservative party today so completely lacks leadership, and if it is to continue as a major party, an immediate change is imperative.

MORE AIRFIELDS NEEDED UNDER LARGER PLANS

Announcement on Monday of the need for more air fields under the British Commonwealth Air Training Plan has caused the Crossfield & District Board of Trade to renew its efforts to secure consideration from the authorities on some land in this area. Some time ago the board sent particulars of the Ferguson property north east of the town but received the reply that the space was not of sufficient size. The board is now intending to investigate the possibility of making adjacent lands available to the increased needs of the Air Training Plan.

LONG SERVICE

For thirty-five years this Farmers' Company has been at work for western agriculture. Its customers have benefited directly in the satisfaction they have found in marketing their grain or in buying farm supplies. All western farmers have benefited from improved business standards set by the Organized Farmers in business. And western agriculture as a whole has also been served as this Company, by itself sometimes, and often with other organizations, has represented it before governments and governmental bodies, and before the public.

**"Imagine it taking a war to set us right"**

Husband: "There's one thing we can thank Hitler for. He's got us saving at last."

Wife: "Yes! Imagine! Until it became a positive duty we certainly never managed to put anything by each week."

Husband: "I think it's partly because these War Savings Certificates are so simple to buy."

Wife: "You mean the idea of getting the office to deduct a regular amount each week from your salary?"

Husband: "Yes! And how they're mounting up! Quite a nest-egg when you count the interest they're earning."

Wife: "Well the more the merrier, I say! There are lots of things we'll need the money for, as the years roll by!"

The help of every Canadian is needed for Victory. In these days of war the thoughtless selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us.

ARE YOU A WARSAVER?**"AID" MEETING**

The Ladies' Aid will hold its October meeting on the first Wednesday at the home of Mrs. W. F. Edwards. Plans will be made for serving the annual Thanksgiving Supper.

Mr. and Mrs. George Gabriel of Toronto are visiting Mr. and Mrs. J. C. Reid and other relatives this week. Mr. Gabriel is the Terminal Passenger Agent for lines coming into the Union Station. He is a cousin of Mrs. Reid.

: Airdrie and District News :

Mrs. L. D. Switzer
—Airdrie Representative—

PERSONALS

Miss Jean Reid has returned to her duties as teacher at the Sunshine school west of Crossfield.

Flying Officer and Mrs. C. B. Hegy are visiting at the Hegy home. Mr. Hegy, who is stationed at Edmonton, is on two-week furlough.

Harry Tebb, son of Mr. and Mrs. W. H. Tebb, has arrived at home on a two-month harvest furlough. He is stationed at Victoria, B.C., with the R.C.A.

Opl. James Hardwick returned to Camrose on Monday after a weekend spent with his family. He has been stationed there for almost a year.

Rev. J. E. Ball, who was in Toronto attending meetings of the United Church Pensions Board, returned home Monday evening.

The Ladies' Club of Mountainview are sponsoring a chicken supper in the Mountainview Hall Friday evening, Sept. 26.

R. A. Blair of Airdrie is one of the most recent enlistments in the R.C.A.F.

THIRD ATTACK

Mr. Cliff Fletcher, who began last week working in the Pool elevator at Ponoka, became ill and returned home Friday. He is suffering from rheumatic fever and is reported to be gradually improving. This is his 3rd attack since early spring.

OPERATES CO-OP.

Mr. Norman McNeill and his sister, Mitz, moved recently to the Jack Stevenson property. Norman has taken on the position as operator of the Massey-Harris co-operative store, filling the place which Mr. Nat. Clogg left to do government work at Penhold.

Mr. Edwin R. Wright, principal of the Airdrie schools, is confined to his bed with 'flu. His classes have been dismissed for the present and it is expected that he will be well enough to return to school in a few days.

AIRDRIE RED CROSS FULLY SUPPORTING ALUMINUM DRIVE

The Airdrie Red Cross Branch is supporting the nation-wide drive for scrap aluminum in this district and dates for the local collection have been set for Friday and Saturday, Sept. 26 and 27. Residents of the town and all the scrap aluminum that has district are urged to round up accumulated about the place and bring it to the shed at the back of the United Church Manse on either of these two days. Everything received from this drive will help supply the necessary weapons to beat Hitlerism. Are you behind the effort?

CANNED FRUIT DONATIONS SOUGHT

Members of the Women's Community Club are asked to leave donations of canned fruit and similar articles at the post office in care of Mrs. Duncan. These will be sent to the Woods' Christian Home at Calgary. The fall meeting of the club was well attended and program numbers were given by Mrs. L. Clayton, who favored with a violin selection, and Mrs. E. C. Hegy with a reading. Community singing followed and the meeting raised tea money from 10c to 15c.

JUNIOR CLUB RESUMES WORK

The Junior Sewing Circle held its first fall meeting at the home of Mrs. Marion Bowen. Last season this group made a lovely knitted afghan in gold, brown and green which it donated to the Airdrie Red Cross Branch. The members hold their meetings the second Monday evenings of each month.

LAST CALL
SEPT. 30
TO PAY YOUR 1941 INCOME TAX
on the Government Monthly Plan
You must start at once !

NEXT TUESDAY will be the last opportunity to pay your 1941 Income Tax on the Government Monthly Plan. This gives you the privilege of paying in twelve monthly installments without interest, instead of by lump sum in March, 1942.

Here is how to get the monthly payment privilege! Divide the total of your 1941 Income Tax by twelve. This is your first payment—and must be paid to the Receiver General on or before September 30, 1941. You will then pay the same amount before the end of each month for the balance of 1941. When you have estimated your 1941 income tax at the 1941 rate, you will deduct the four payments you will have already made, and pay the remainder in eight equal monthly installments, starting January, 1942.

The Government offers the above plan as the most reasonable and convenient method of meeting income tax obligations. Ask your local Income Tax Office for Installment Income Tax Remittance Form—and any further information you may require.

AGAIN EXPORT MORE WHEAT

2,913,816 Bushels Sent Overseas in Week Ended Sept. 19

OTTAWA, Sept. 23.—Export clearances of Canadian wheat amounted to 2,913,816 bushels in the week ended Sept. 19 compared with 2,432,489 bushels in the previous week and 1,532,713 bushels in the corresponding week last year, the Dominion bureau of statistics said today.

Wheat receipts in the Prairie provinces in the week ended Sept. 19 were 7,895,524 bushels, an increase of 2,150,077 bushels over the preceding week. In the same week last year receipts were 29,108,104.

Receipts by provinces with 1940 figures in brackets: Manitoba 1,944,927 (5,635,042); Saskatchewan 5,446,304 (17,727,231); Alberta 1,404,293 (5,435,831) bushels.

Marketings in the Prairie provinces from Aug. 1 to Sept. 19 compared with the same period in 1940: Manitoba 7,497,549 (19,765,240); Saskatchewan 23,131,067 (58,662,806); Alberta 8,539,939 (5,745,831) bushels.

Canadian wheat in store during the week ended Sept. 19 totalled 472,866,892 bushels an increase of 1,369,143 bushels over the previous week and an increase of 114,970,855 bushels over the corresponding week last year.

Stocks of wheat in Canadian elevators totalled 447,519,266 bushels in the week ended Sept. 19 against 445,318,591 bushels in the previous week and 231,704,823 bushels in the same week a year ago.

Canadian wheat in the United States amounted to 25,347,626 bushels in the week ended Sept. 19 compared with 25,929,158 bushels in the previous week and 36,191,214 bushels a year ago.

Agriculture the "Poor Relation"

1. That the initial payment by the Wheat Board should be increased to \$1 a bushel for One Northern wheat at the terminal.
2. That the stocks of wheat represented by the carryover as at July 31st, 1941, should be taken off the market and held as a national emergency war reserve.
3. That, as from August 1st, 1941, all sales of wheat should be credited to the crop year 1941-42.
4. That the crop year 1941-42 should be declared an emergency year under the terms of the Prairie Farm Assistance Act, irrespective of market prices prevailing.

The above four requests were made by a delegation, representing the western Wheat Pools, which, on August 9, interviewed the Wheat Committee of the Federal Government.

The delegation pointed out that principally because of the short crop, the farm revenue from wheat produced in Manitoba, Saskatchewan and Alberta will be approximately \$90 million less than last year, and this in the face of continually rising farm costs.

The delegation compared the government's wartime wage policy with its agricultural policy. From the government's viewpoint wage rates are fair and reasonable if they are as high as the highest rates paid between 1926 and December 16, 1940. If farmers were treated on the same basis, the prices of grains would be as follows:

Wheat, per bushel	\$1.60
Oats, per bushel	.69
Barley, per bushel	.90
Rye, per bushel	1.35
Flax, per bushel	3.00

If Canadian unity is to be maintained, the Wheat Pool memorandum pointed out, and we are to reach our maximum effort in the successful labor policy must be eliminated. "We prosecution of the war, the great disparity between agricultural and

would urge upon the government of Canada that the farm producers, who form such a large part of our population, should not be regarded as the "poor relation" of the Canadian family, and that it is in the national interest that steps should be taken to place the living standards of those engaged in farming on a basis commensurate with the rest of the country.

"We realize fully the necessity of maintaining our war industries at the highest possible pitch of efficiency, and that in order to reach this workers should enjoy fair and reasonable wages. We know of no foundation upon which the principle can be established that agriculture should continue to produce food supplies at prices below the cost of production, in order that other groups of our taxed by cost of living bonus regulations, should enjoy a lower cost of living at the expense of agriculture.

"In this memorandum we have not tried to emphasize the unrest, dissatisfaction and anxiety now prevailing in the western provinces, largely as a result of lack of adequate farm revenue to maintain reasonable living conditions. At the same time we would like to emphasize that in spite of conditions at present prevailing, there are neither strikes nor lockouts in the agricultural industry"

Wheat producers of Alberta should clearly understand what is being done to help their cause. Their organizations can go so far. Further progress can be made only by the whole-hearted and energetic support of the whole body of farmers.
